Please allow me a few minutes of your time to introduce myself. My name is **Michael Broughton**. My wife, Marilyn, and I moved to our home on Jan Drive in Green Park in May 2002. We have four grown children (not living with us) and — currently, two cats. Marilyn and I are both retired, living on Social Security. We have great concern for the future of our city; that its residential integrity is in jeopardy.

Securing and maintaining our city's residential integrity for many years to come won't happen magically. It will require our elected officials to work diligently and intelligently to address the challenges of tomorrow and beyond. I accept those challenges and ask — respectfully, for your vote on April 6.

Thank you for your time and consideration.

WHAT I WOULD LIKE TO DO AS YOUR MAYOR

1. I will serve the citizens of Green Park as their **FULL-TIME** mayor. Being retired, I have ample time to devote to the many complex issues involved in operating a municipal government.
2. Expand the financial limitations on the various categories of Green Park's Neighborhood Enhancement Program to allow more resident homeowners to participate in this vital grant program, which is a key element in maintaining the city's residential viability.
3. Maintain Green Park's residential integrity by regulating, where legally possible, the conversion of single-family residential property to a business use such as a residential medical facility or a similar use.
4. Create the city staff position of Citizen Services Advocate. The CSA will assist Green Park citizens in navigating government and non-governmental agencies and programs.
5. Build a sense of community through other outreach programs.
6. Improve communications and coordinate services between police, citizens, elected officials and staff in order to foster a safer community with minimal criminal activity.
7. Provide for a safer community and streets by installing and maintaining solar lighting at all intersection in the city.

Once again, THANK YOU for your time and consideration of my candidacy. I pledge to serve you honorably and honestly if elected. I will appreciate you vote on April 6.
